MAX Laminate Coil Packing Machine

We are pleased to promote this laminate coil packing machine, available now from Great Richwell.

This easy to install and operate machine overcomes the awkward process of coiling Laminates into regular size cylinders and then wrapping and securing. It is a stand-alone machine. ∴

The Laminate Coil Packing Machine is designed to meet the requirements of small batch laminate coil packaging

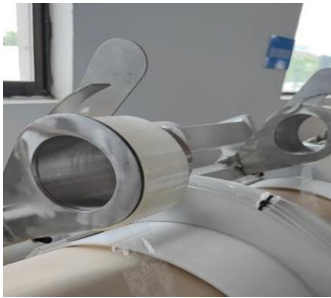

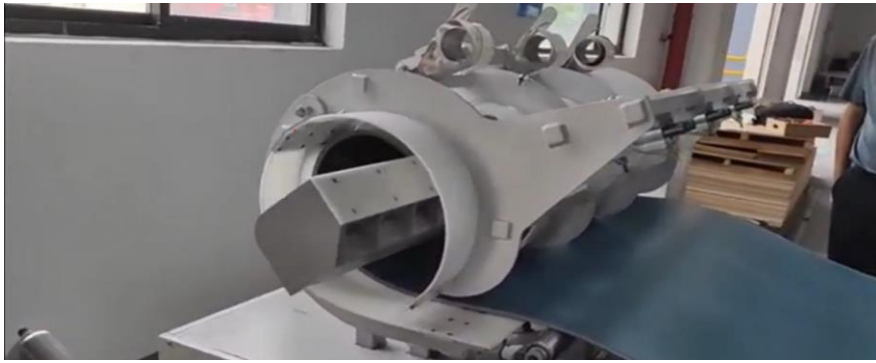

The machine is straight forward to set up and supplies in accordance with the requirements of Various national electrical standards

The Laminate Coil Packing machine can coil in the widths of 4' and 5', and lengths of 8' up to 12' . HPL packing speed is 1.5 minutes-2 minutes

Quantity per package:

HPL Thickness	Number of Sheets
1.0mm	10 sheets
0.7mm	15 sheets
0.5mm	18 sheets
0.35mm	20 sheets

After packaging, the maximum HPL roll diameter is 360mm-
