Dieffenbacher 2012 MDF 8ft continuous press

Daily capacity 700m³ Length 33.05m

2.5mm to 25mm

This press has produced only 30,000 m³ board up to a production rate of 950m³/day, until it was stopped. So the press and all machinery are as new

Supply includes

- Debarker to chipper
- Sunds defibrator
- Dieffenbacher continue press until diagonal saw
- Project planning and costing services are available

This press line needs an energy plant, star cooling wheel, panel saw and sanding line. All are available on inquiry

The press line was dismantled and packed in 2022 and perfectly stored under cover
